

Wollongong Botanic Garden Draft Masterplan 2025

Table of Project Priorities

A number of priority projects identified for short term completion (next 1-2 years) will be funded via operational budget or the Infrastructure Delivery program (Capital) and involve asset renewal/maintenance.

Longer term projects will require approvals via Council's business proposal process, and include funding options including Operational funds and Capital, funding provided via the Friends of the Wollongong Botanic Garden and from grants or externally sourced funds.

Short-term priorities 1-2 years (funded)	Mid-term 2-5 years (funding to be confirmed)	Long term 5-10 years (Business Proposal required)
Mercury Fountain interpretation (BG Friends contribution)	Cratloe Cottage Café or alternative site feasibility (operationally funded)	Accessible entry from Northfields Avenue Bus and pathways throughout site (Business proposal/capital)
Gleniffer Brae Heritage renewal works (capital funded) – works underway	Site irrigation/ Duck Pond water quality aerator and silt investigation (operationally funded)	Murphy's Avenue Entry Carpark Upgrade (business proposal)
Site Activation market testing including Cratloe Cottage (currently Discovery Centre) (operationally funded)	Gleniffer Brae carriageway, accessibility and other capital improvements (capital funding/grants req'd)	Joseph Banks Glasshouse/Temperate Garden re-imagined (detailed consultation and business proposal)
Kawasaki Bridge renewal (grants/sponsors/capital)	Propagation Glasshouse/Solar/Depot renewal (capital funded)	Rainforest final stage all access and aerial walk (grants/sponsors)
	Murphy's Avenue entry/accessible toilet (capital funded)	

**Table correct as of July 2025 but may be subject to change as adjustments are made to Council's Infrastructure Delivery Program.*
